

3rd or 4th Year Refrigeration Apprentice

Location: Annacis Island, Delta BC

TransCold Services Ltd. is a commercial/industrial refrigeration contractor. We offer best-in-class commercial, industrial, and marine refrigeration solutions. We have a small team of refrigeration mechanics and will be able to provide a healthy workload for everyone. Headquartered in Annacis Island, Delta, BC, we are proud to have the best government certified refrigeration professionals on our team.

We are currently looking for an experienced 3rd or 4th year Refrigeration Apprentice to join our team. The key duties and responsibilities are as follows:

Duties and Responsibilities

- Under the direction of a Senior Refrigeration Mechanic, diagnose, install, repair and service industrial, commercial refrigeration systems
- Completion of the required paperwork for billing
- Carry out preventive maintenance calls at client locations
- Assist in the preparation of quotes and responding to business opportunities
- Effectively communicate with customers, addressing mechanical deficiencies and solutions
- Ensure work conforms to all municipal and utility codes and quality standards of the company

Required Skills and Qualifications

- 3rd/4th Year level as Refrigeration Apprentice
- Directly relevant experience with refrigeration work on restaurant and bar equipment at a minimum; experience with machine line coolers, walk in coolers and freezers is a plus
- Ability to read schematics, diagrams, and blueprints
- Refrigeration computer software literate
- Experienced in working on quotes and opportunities
- Valid Class 5 drivers' license and clean drivers abstract
- Hand tools, cordless drills and vacuum gage supplied by apprentice
- Ability to work independently and as part of a team

How to Apply

To be considered for the above opportunity, we invite you to send an up-to-date resume to info@transcold.com.
